

XS200E SEAT

The Caliber® XS200E valve seat is our budget friendly option designed for today's low to high pressure, standard service drilling conditions. The wide valve seat surface area increases service life.

Utilizing case hardened, high strength alloy steel, the Caliber XS200E seat was designed and field proven for 5000 and 7500 psi applications.

BENEFITS

- ◆ Full open design evenly distributes load on model seat deck
- ◆ Lower lip design
- ◆ Open seat design allows for removal of bottom seat on valve-over-valve design
- ◆ Available in API 6 and 7
- ◆ Good for 7500 psi, standard temperature applications up to 220°F

Part Number	Description
804-66S00-00	Seat, API 6, Caliber XS200E, standard pressure service, standard taper
804-66M00-00	Seat, API 6, Caliber XS200E, standard pressure service, modified taper
804-76S00-00	Seat, API 7, Caliber XS200E, standard pressure service, standard taper
804-76M00-00	Seat, API 7, Caliber XS200E, standard pressure service, modified taper
